

WRTH A17 SCHEDULE UPDATES - JULY 2017

Notes for the Schedule Updates file

Country abbreviation codes are shown after the country name. The three-letter codes after each frequency are transmitter site codes. These, and the Area/Country codes in the Area column, can be decoded by referring to the tables in the at the end of the file.

Where a frequency has an asterisk (*) etc. after it, see the 'KEY' section at the end of the schedule entry.

The following symbols are used throughout this section:

- † = Irregular transmissions/broadcasts;
- ‡ = Inactive at editorial deadline;
- ± = variable frequency;
- + = DRM (Digital Radio Mondiale) transmission.

NB:

Schedule additions, deletions, frequency changes and other updates, are shown in parentheses at the end of the relevant line.

Schedule additions are shown as **(add)**, whilst schedule deletions are shown as **(del)**.

Frequency changes or other updates are detailed in **black italics**.

Changes to broadcast times are shown in **black italics**, underneath the existing time.

New broadcaster/station entries are shown entirely in **green**.
